ENVIRONMENTAL ALPHABET

- 26 letter A-Z.
- Found letters only, made from shapes you see.
- No making letters from stones, road signs, graffiti, car number plates etc.
- Consider your composition, try to do all framing and cropping in camera.
- Remember images can be rotated or flipped to make them read correctly.
- Look up, look down look all around!
- Have fun.

ENVIRONMENTAL ALPHABET

- Shapes and letters are formed naturally around us, we often don't see this.
- When you train your eyes and mind to focus in on naturally occurring shapes and letter you will become a more observant artist.
- Letters can be seen in almost anything, bricks, shadows, trees, chairs, cracks, leaves and so on.
- It is up to you to see these.
- See how many you can find in your own home or when out on your daily exercise.
- Use a DSLR if you have one, alternatively a camera phone is perfect.
- Aim to do all composition and framing in camera and consider your final crop.
